FIVE CENTS THE COPY

VICTORY CONCEDED TO REPUBLICANS

THE RESULT OF STATE ELECTION IS CLOSEST OF ANY ON RECORD

Twenty-four Percent of Votes Cast Show Republican Strength; Nine Hundred Forty-Five Precincts in State Give Ferris, Democrat, 83,512 and Harreld, Republican, 78,021.

By Associated Press.

OKLAHOMA CITY, Nov. 3.—On the face of complete returns received up to midnight from 651 precincts, representing practically every section of the state the outcome of the of the presidential and United States senatorship contest in Oklahoma assumed an indefinite aspect.

These returns from approximately 24 percent of the voting precincts in the state gave Cox a lead of 5368 over Harding. The votes in these precincts gave Cox 72,803; Harding 67,434.

Nine hundred and forty-five precincts in the state gave Ferris, democrat 83,512 and Harreld, republican 78,021, or a plurality of slightly over 5000. These returns tend to sustain early indications that the two major contests will be the closest in Oklahoma's history.

While the returns so far do not include many of the strong democratic counties in the southern part of the state, it is also true that practically all of the counties embraced in the Eighth congressional district and in the western part of the state which in the past have been overwhelmingly republican, have not yet reported.

First District Uncertain.

In the First congressional district, in which has centered what was perhaps the hardest fought congressional contest in the state, the result also grew uncertain on the face of late returns. Sixty of the 364 precincts in that district including 10 precincts in the city of Tulsa, gave Howard, democrat 3739; Chandler, republican 4484. These returns do not include any precincts in Craig county, Chandler's home.

HOW PONTOTOC COUNTY VOTED THE ELECTION

Returns from eight precincts in Pontotoc county, including three of the four wards in Ada, and representing the bulk of this county's vote, indicate a wide margin for the democrats.

The vote was:

For president, Cox 1,592; Harding, 666; for senator, Ferris 1,627; Harreld 660; representative, Pratt 1489; Manville 749; congressman, McKeown 1,638; Pringley 544.

All democratic county officers have been elected, though the exact vote on these was not available at press time.

Forfeits \$11,000 in Bonds.

ENID.—Petitions for the dismissal of the appeal of Clint C. Blasdel, convicted in district court here for the theft of two automobiles and sentenced to 27 years in the penitentiary was filed in the court of appeals at Oklahoma City Saturday by Ernest F. Smith, county attorney. Blasdel is still to face charges of theft of five Fords here last summer. He forfeited \$11,000 in bonds last Wednesday when he failed to appear in court.

Concede Belgians Winners.

NEW YORK, Oct. 28.—Officials of the Aero club of America today conceded that the Gordon Bennett international trophy for free balloons had been won by the Belgian entry "Belgica," piloted by two Belgian army officers, Lieutenants La Brousse and de Muyter.

Okmulgee For Republicans

OKLAHOMA CITY, Nov. 3.—Eighteen precincts in Okmulgee county gave for Cox 1599, Harding 2405. For United States Senator these precincts gave Harreld 2411, and Ferris 1612.

Negro Women Barred.

SAVANNAH, Ga., Nov. 2.—Negro women were refused ballot at the voting places in Savannah today. Many negro women have registered here since the suffrage amendment became effective, but the election judges ruled that they were not entitled to vote because of a state law which required registration six months before an election. No white women presented themselves at the polls.

The orange is of Asiatic origin and was first introduced into Europe by the Portuguese.

Coolidge An Early Voter.

NORTH HAMPTON, Mass., Nov. 2.—Governor Coolidge, republican vice-presidential nominee, voted with Mrs. Coolidge here shortly after 9 o'clock a. m., and then left for Boston where he will receive the election returns tonight.

The Difference.

The poet views a man at work. A man who puts a sewer down. The poet does not mean to shirk. So let us not upon him frown. These fellows, it is safe to say, Are very far from the same stripe. The poet pipers a little lay. The other lays a little pipe.

SENATOR WARREN G. HARDING

Last Minute Election Flashes

By the Associated Press

ST. LOUIS.—1135 precincts out of 3810 in Missouri gave Harding 187,566 and Cox 173,497.

By the Associated Press

PORTLAND, Me.—The state of Maine, complete, Harding 134,411; Cox 58,078.

By the Associated Press

OKLAHOMA CITY.—Complete returns from 101 of the 2685 precincts in the state gave Echols, democrat, 7,004, and Hughes, republican 6310, for corporation commissioner.

By the Associated Press

SEATTLE, Wash.—Returns from 101 precincts out of 2378 in Washington gave Harding 12,200, Christensen 3223, Cox 2,080.

By the Associated Press

LITTLE ROCK.—Returns from 139 precincts out of 1750 in Arkansas at midnight gave Cox 11,682, Harding 4016, Debs 27.

By the Associated Press

KANSAS CITY.—Returns from 519 precincts in Kansas tabulated at 1 o'clock gave for president, Harding 90,575, Cox 41,615. For governor, Allen, republican 76,504, Davis, democrat 46,700.

By the Associated Press

MEMPHIS.—Eight hundred and sixty-two precincts out of 2060 in Tennessee for governor gave, Taylor republican 77,543, Roberts democrat 72,581. The same precincts gave Cox 81,133, Harding 77,613.

By the Associated Press

NEW YORK.—Republicans won two seats in the congressional fight in New York state, electing their candidate in the 8th, 5th, and 9th districts, which are now represented by democrats and lost the 28th district.

EARLY RETURNS SHOW LANDSLIDE FOR HARDING AND COOLIDGE RANKS

Governor Cox and Chairman White Give Up Hope for Democratic Victory in Spite of Fact That But a Fraction of Country is Heard From.

By Associated Press.

NEW YORK, Nov. 3.—On the face of returns showing the growing landslide for Harding, Governor Cox's own newspaper, the Dayton Daily News, and Chairman White of the democratic national committee, soon after 11 o'clock last night conceded the election of Harding. Without waiting for returns from the west, which four years ago elected Wilson in the face of pluralities, for Hughes, throughout the east, the democratic candidate and his chief manager conceded that in the "solemn referendum" which President Wilson declared would decide the league of nations question, American voters had preferred Harding, who "favored staying out" to Cox who "favored going in."

Governor Cox, who was in his newspaper office when the concession to Senator Harding was published, said he would issue no statement.

Senator Harding at his home in Marion said he was "more given to prayer to God to make me capable of playing my part" than he was to exultation.

When Governor Cox and Chairman White made their concession, returns coming in from the western states showed a strong drift to Harding, and the republican landslide which began to take on tremendous proportions through the east was continuing to roll on with seemingly never ending momentum.

Concedes Republican Senate.

At the hour the democratic concession of republican victory was made, there were practically no returns in to show the trend of voting on congress, although Chairman White in his concession also conceded a republican senate. The few returns at hand showed few net changes and these were in favor of the republican side.

By the Associated Press

MEMPHIS.—The governor remained at his office until shortly after midnight, but abandoned watching the returns. The last hour and a half were devoted to receiving disconsolate friends and to all the governor thanked them for their interest in him. He never lost his smile and took the result philosophically. Mrs. Cox, like her husband seemed in good spirits.

Harding and Coolidge have swept the nation. Early returns show that all the doubtful states have gone republican by a heavy majority, while states that are usually republican have increased their majorities to unexampled figures.

The east has gone republican without a single break. The middle west has rolled up heavy majorities for Harding, while early returns from the far west indicate a large lead for the republican candidates. It is believed that Harding's lead over his opponent will equal Roosevelt's majority over Parker in 1908 and may possibly surpass it.

Oklahoma at midnight showed the closest race in the history of the state with a probable majority for Ferris over Harreld. Democratic state headquarters at midnight claimed the election of Ferris by 18,000. Returns were in at that time from one-sixth of the precincts, giving Ferris a lead of 4000. Figuring on this basis Ferris claims he will have a majority of at least 18,000.

Complete returns from the Fourth congressional district are not yet available, but the indications are that Congressman McKeown has a safe majority over Pringley of Chandler. He carried Pontotoc county by at least 1500 majority.

FRANCE TAKES INTEREST IN OUR ELECTION

PARIS, Nov. 2.—The presidential election in the United States overshadowed all other topics in Paris today. All the newspapers printed columns of leading articles, Excelsior devoting the entire front page to portraits of the American presidents from Washington to Wilson. It dwelt at length on the executive powers of the president, which, it said, were far-reaching as compared with those of the president of France and the king of England.

and has reported leads of 500 in Coal, 400 in Johnston, 400 in Seminole, and 500 in Pottawatomis. No returns are available from Okfuskee, Hughes, Creek and Lincoln.

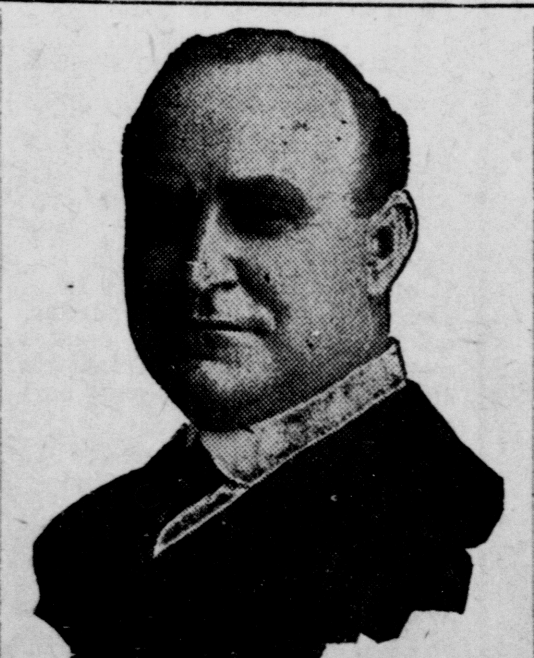

In Pontotoc county it looks as if the entire democratic ticket has won. Returns from a sufficient number of precincts have been received to show that Pratt has won for representative by a decisive lead. The contests for county commissioner in the Allen and Roff districts were interesting at first, but it now seems certain that Stephens and Brents have led the democrats to victory.

The manufacture of pistols by machinery was first introduced in England from the United States in 1853 by Colonel Colt, inventor of the revolver.

STATE GIN RECORD BROKEN THIS YEAR

WASHINGTON.—Oklahoma ginned 83,858 more bales of cotton during 1920 than in the previous year, the department of commerce announces. The total for this year was 357,010 bales; for 1919, 237,153 bales, and for 1918, 349,946 bales. Ginning of the entire country during the year was 5,712,057 bales, an increase of 782,953 bales over 1919.

Excavations on the site of Troy show nine cities to have been built one on top of another, the sixth being the one supposed to have flourished at the time of Homer.

TOM D. McKEOWN is leading republican opponent by small majority.

WOMAN IS SHERIFF IN ROGER MILLS

CHEYENNE.—At a recent session of the board of commissioners, Mrs. R. L. Trammell was appointed as sheriff of Roger Mills county, supplying the vacancy by the death of her husband about thirty days ago.

Trammell had been sheriff of this county for more than fourteen years and was one of the best known officers in western Oklahoma.

Mrs. Mannen, Mrs. Walter Brown's mother, is perhaps the oldest woman to visit the polls. Mrs. Mannen came down about 2:30 and voted the "democratic ticket straight."

RED CROSS HELPS FLOOD SUFFERERS

Oklahoma City Cares For
Homeless When Waters -
Rise.

OKLAHOMA CITY, Nov. 2.—A practical demonstration of the need of an active and alert Red Cross organization was given in Oklahoma City on the eve of the Fourth Roll Call campaign when the North Canadian river went on the worst rampage in its history.

With many blocks filled on either side of the river, hundreds were forced from their homes. As the homes in the lowlands are mostly those of poorer people, many are destitute and helpless but for the aid given under the direction of the Red Cross.

At a community house set up by the Red Cross from 65 to 70 people have been cared for constantly since the flood waters rose. Food, clothing and beds were provided for these people as well as many more who preferred to remain in tents in higher portions of the city.

Mrs. Katherine F. Haskell, secretary of the Oklahoma County Chapter of the Red Cross, immediately opened the Red Cross emergency supplies and distributed blankets, towels, sleeping garments and bedding. Miss Eliza McKnight, Red Cross nurse, was placed in charge of the community house.

"The work done in Oklahoma City shows all the more the need of supporting the Red Cross," said W. O. Van Wyck, state director of the Fourth Red Cross. "I cannot urge too strongly the necessity of the heaviest possible enrollment in the Red Cross from November 11 to 25."

Couple Take Poison.
NEW YORK.—Mischa Applebaum and his wife, formerly Helen Yorke, celebrated concert singer, maintain silence over how they came to take four bichloride of mercury tablets apiece here.

Applebaum, founder of the Humanitarian Cul, called the hall boy at the apartment house after having taken the poison and told him to summon an ambulance. Physicians found Mrs. Applebaum lying on a bed and Applebaum in the bath room, both fully clothed. Neither would talk.

Big Dramatic Show Coming to McSwain Theater This Week

The Santa Fe Will Change Schedule Here November 4

The following letter addressed to O. N. Walker, secretary of the Chamber of Commerce, is self-explanatory.

Oklahoma City, Oct. 25.
Mr. Newton Walker,
Secretary Chamber of Commerce,
Ada, Okla.

Dear Sir:

Referring to our recent conversation relative to passenger service in and out of Ada.
Effective November 14 our train 446 (passenger), will arrive Ada at 11:40 a. m. This train will obtain connection from train No. 11 at Purcell. Train 445, (passenger), will leave Ada at 12:20 p. m., and connect with train No. 18 at Purcell for Oklahoma City. Trains 449 and 450, (mixed), will be run on approximately the same schedule as at present.

It is thought that this service will be a considerable improvement over the present service, and I trust will prove satisfactory to the traveling public from Ada and intermediate points.

Yours truly,
GLENN EDDIE,
Division Passenger Agent.

FINISHING STEERS WITH SUNFLOWERS IN "SUNNY ALBERTA"

"For I feel just as happy as a big sunflower," was the refrain of a popular song years ago. At that time the sunflower's mission was to look pretty, bow its golden head to passers-by and feed the chickens with its seeds. Nowadays the sunflower has the more important mission of finishing steers for the market in Canada's prairie provinces. Alberta, Saskatchewan and Manitoba, achieving a new incarnation in the form of roast beef and porterhouse steak.

This year from three to thirty acres of sunflowers were planted and did so well in "Sunny Alberta," particularly, that more than 1,000 acres in the Cardston district alone will be devoted to this crop next year. In this section 50 acres of sunflowers yielded from 15 to 30 tons of ensilage per acre.

Finishing cattle with sunflower ensilage was such a success last season that hundreds of silos were erected this year, giving great impetus to the growth of the dairy industry. It is anticipated that in a few years every Canadian prairie farm will have its silo, and the livestock industry will be greatly enlarged in area.

Experimenters with sunflowers

in Montana have found that they are superior to corn in most respects, and in feeding value the crop has outdressed the standard crop of corn. The comparison was made between corn, fed green, in the grazing stage, to dairy cows in the same period of lactation, and sunflower silage, and gave an increase of one and one-third pounds per day in favor of the sunflower.

With corn each cow lost twenty pounds in flesh during the period of the test, but with sunflowers she only lost twelve pounds. According to C. H. Hutton, B. S. A., in an address delivered before the Western Canada Irrigation Association in September, 1920, the sunflower not only adapts itself to irrigation but is a great dry land crop as well.

The fishbone is exceptional in that it moves its upper jaw.

GO TO THEATRE

At the American.
When he is undecided as to whether he shall go at once and ask his sweetheart's father for the girl's hand in marriage, Buddy Apperson, the leading character in "Bill Apperson's Boy," which will be seen at the American Theater, starting tomorrow, leaves the question up to his marksmanship as a stone thrower. "If I hit that tree twice out of three times, I'll go and ask him," Buddy decides.

As he hit the tree every time, and as the girl happens to overhear him, he does not hesitate to go. This is but one of the countless human touches in the story of the Kentucky hill folks, in which Jack Pickford is the star, and which bares with intense realism the heart of a mountain lad of eighteen.

At the McSwain.
Showing today at the McSwain Theater is a Thomas H. Ince production, "Dangerous Hours," one of the big melodramatic pictures of the year. Lots of action and an interesting love story runs throughout the story which is in six reels. Also showing "Pists and Fodder," 2,000 feet of laugh. It's a two-reel Big V comedy and they are built for laughing purposes only.

Opening Thursday, the Harrison Stock company, a 30-people aggregation carrying band and orchestra. This is one of the biggest dramatic shows in the business, presenting 3 and 4 act dramatic shows and using their orchestra between numbers.

Their first bill for Thursday night is "Mr. Jim Bailey," something different from the shows Ada has had, and it is being brought here under a heavy expense for your entertainment. Curtain each night at 8:30.

At the American.
"From Now On," the Fix picture which comes to the American Theater next Wednesday for a run of one day, has won golden opinions wherever it has been shown and added materially to George Walsh's reputation for rapid action and dare-devil escapade. The story, by Frank L. Packard, author of "The Miracle Man," is said to be compelling in the intensity of its interest, with a love theme, threading its way with extraordinary dramatic incidents.

Rubbed into the skin for rheumatism, neuralgia, contracted muscles, sprains or lameness, Ballard's Snow Liniment goes right through the flesh to the bone, easing pain and removing the cause. It is a powerful pain relief. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Hensler & Story. adv

THERE is a big difference between Calumet and all other Baking Powders.

First—you see it in the cost. Calumet is sold at a moderate price.

Then—you observe it in use. Calumet has more than the usual leavening strength, therefore less is required.

Next—you notice it in raising quality—in the evenness—lightness and texture of your bakings. They look better—finer grained.

"S-o-m-e Biscuit!"

CALUMET BAKING POWDER
"BEST BY TEST"

Finally—what a difference in the taste. There is a deliciousness, a goodness that can be had in no other manner. Biscuits, pies, cakes, muffins, doughnuts—never were so tasty—so all-satisfying.

And then there is the satisfaction of knowing that Calumet is made in the World's largest, best equipped and cleanest Baking Powder Factories.

Pound can of Calumet contains full 15 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Biscuit Recipe
4 cups of sifted pastry flour, 4 level teaspoons Calumet Baking Powder, 1 level teaspoon of salt, 2 rounding tablespoons of butter or lard, 1/2 cup of milk, 3/4 cup of water. Then mix in the regular way.

DEAR PETEY:

Bet you a house and lot you'd stay in W-S a month if you ever got to know folks here like I have. Between business and Reynolds factories and a bully time—well my date book has been bubbling over! And, I'm still running into facts that would stagger even your imagination, old football, with all your kick!

Pete, take it straight from government figures direct to you, that every work day in the week R. J. Reynolds Tobacco Co. buys from our "Uncle Sam" enough revenue stamps to pay for a duplicate of the handsome new Winston-Salem post office building! Ever hear of such a thing?

And, if you want to get an eyefull of an army of more than 15,000 people, be down in the Reynolds factory district when the whistles blow! Never saw such a cigarette firing-up time in my life!

Peter, everytime you light a Camel in the future, call back on what I've slipped you about Camels—absolutely, the greatest cigarette at any price—for quality, for refreshing flavor, for mellow mild body, for freedom from any unpleasant cigarette aftertaste or odor! It's worth the busiest smoker's time to compare Camels with any cigarette in the world! Camels are simply a revelation! You know that.

I'll open my eyes in Atlanta tomorrow! In the meantime here's a wad of best wishes I have in stock!

Yours

Shorty.

Camel CIGARETTES

THE TOWN GOSSIP

THERE ARE good things.
AND THERE are bad things.
ABOUT EVERY man's job.
AS I'VE often noticed.
AND I was reminded of it.
YESTERDAY AFTERNOON.
WHEN I went in.
TO SEE M. C. Wilson.
WHO SELLS shoes.
ABOUT AN advertisement.
FOR TODAY'S paper.
AND WHILE I was there.
A YOUNG lady came in.
A GOOD looking young lady.
AND SAID she wanted.
TO BUY a pair of shoes.
AND MR. Wilson told her.
TO TAKE a seat.
AND SHE did so.
AND SHE raised her skirts.
AND I turned my back.
AND STUDIED the shoes.
THAT WERE on the shelves.
AND MR. Wilson took.
HER MEASURE.
AND FOUND a pair.
THAT WERE her size.
AND SHE raised 'em again.
AND I went to the front door.
AND WATCHED the people.
PASS BY.
AND AFTER a while.
SHE FOUND what she wanted.

AND LEFT the store.
AND MR. Wilson looked.
AS THOUGH he had enjoyed.
THE EXPERIENCE.
AND WE stood there talking.
AND A few minutes later.
A COLORED woman came in.
WITH A basket on her arm.
AND I should imagine.
THAT SHE weighed.
AROUND TWO hundred pounds.
AND SHE had on.
A PAIR of shoes.
THAT LOOKED as though.
THEY MIGHT fall off.
AT ANY minute.
AND SHE took a seat.
AND SAID she wanted.
A NEW pair of shoes.
AND SHE began to unlace.
THE ONES on her feet.
AND ABOUT that time.
I MADE up my mind.
THAT IF Mr. Wilson wanted.
TO RUN an advertisement.
HE'D HAVE to bring it around.
TO THE office himself.
I COULDN'T afford to wait.
AROUND THERE.
ALL DAY long.
AND NEGLECT my work.
I THANK you.

P. O. BANK LAW IS PRETTY SOFT—CONGRESSMAN

WASHINGTON—It is pretty soft for bankers to borrow money from the government at 2½ percent interest and loan it back to the government at 6 percent.

By this process the hard-pressed taxpayers of the U. S. made the national banks a present of \$5,250,000 the last year on postal savings funds alone.

But it won't happen again if Congressman Clyde Kelly, Pennsylvania, can get a bill thru which he proposes to introduce Dec. 1, when congress meets. His plan is to remove all restrictions on deposits in postal savings banks, to pay the depositors 4 percent interest, and, instead of redepositing these funds in national banks, he would loan them back to the people to improve farms and build homes, or for any other legitimate and safe purpose.

How System Works.
Here is the way Congressman Kelly says the national banks lifted \$5,250,000 of the people's money this last year:

Of the \$175,000,000 on deposit in the postal savings banks, 150,000,000 of it was deposited in the national banks. The national banks paid the government 2½ percent interest. Then the treasury department borrowed \$1,000,000,000 from these banks by issuing "treasury certificates" at 6 percent. By this transaction the government, or the taxpayers lost the difference of 3½ percent on \$150,000,000, which is \$5,250,000.

In other words the people furnished the \$150,000,000 at 2 percent, the government added one-half percent and let the banks have it, the banks added 3½ percent and let the government have it again, and the government then subtracted one-half percent and let the farmers have it.

Ponzi's financing scheme is tame compared to this one!

Kelly's Remedy.
"The bill I will introduce," says Kelly, "proposes to wipe out all limits and pay 4 percent to depositors. It will abolish the clause requiring that the funds be deposited with banks, and will substitute one, with proper machinery, to loan the money to the people

in communities that deposit it at 5 percent.
To become a borrower one would have to become a member of the organized community for borrowing purposes and the organization would stand good for all the loans. Ability to borrow would depend more on the moral character of the person than the ownership of property."

Duncan Farmers Organize.

DUNCAN.—Farmers of Stephens county has become enthusiastic over the unions that have been organized in the county last month, there being ten perfected at this time, and it is thought that more than twenty will be organized before November 1. More than two car loads of apples recently have been shipped into the county under the auspices of the Farmers' union.

ALL KINDS OF CLAIMS ON EVE OF ELECTION

By the Associated Press
CHICAGO, Nov. 1.—Claims and counter-claims with desultory flashes of old-time political elections marked the conclusion of the campaign in the states of the central west today.

Mystery as to the tide of the tremendous woman's vote was reflected in many eleventh hour discussions of the general situation. It was stated on all sides that the women's vote, together with the expected scratching in numerous districts, very likely would delay returns and create uncertainty where contests were close.

New Hair Growth After BALDNESS

On legal affidavit, John Hart Brittain, business man, certified to this: "My head at the top and back was absolutely bald. The scalp was shiny. An expert said that he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth. Yet now, at an age over 60, I have a luxuriant growth of soft, strong, lustrous hair! No trace of baldness. The pictures shown here are from my photographs." Mr. Brittain certified further:

"At a time when I had become discouraged at trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian medicine man who had an elixir that he asserted would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as profuse as in my youthful days.
That I was astonished and happy is expressing my state of mind mildly. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious pomade. I negotiated for and came into possession of the principle for preparing this mysterious elixir, now called Kotalko, and later had the recipe put into practical form by a chemist.
That my own hair growth was permanent has been amply proved."

How YOU May Grow YOUR Hair

It has been proved in very many cases that hair roots did not die even when the hair fell out through dandruff, fever, alopecia areata or certain other hair or scalp disorders. Miss A. D. Otto reports: "About 8 years ago my hair began to fall out until my scalp in spots was almost entirely bald. I used everything that was recommended but was always disappointed until at last I came across Kotalko. My bald spots are being covered now; the growth is already about three inches." G. W. Mitchell reports: "I had spots completely bald, over which hair is now growing since I used Kotalko." Mrs. Matilda Maxwell reports: "The whole front of my head was as bald as the palm of my hand for about 15 years. Since using Kotalko, hair is growing all over the place that was bald."

Many more splendid, convincing reports from satisfied users. Kotalko is a GENUINE BEAR OIL and other potent ingredients. No alcohol, no shampoo; but a hair elixir of wonderful efficacy. All ingredients are safe and harmless, even for a child's scalp and hair. Positively KOTALKO is one delightfully reliable hair preparation that succeeds upon genuine merit. Buy a box of KOTALKO at the drug store. Or ask for Kotalko at the toilet goods or drug counter of any large department store. Remember the name. Accept nothing else as "just as good." \$3.00.00 GUARANTEE. Or if you send 10 cents (silver or stamps), you will receive a PROOF BOX of Kotalko with BROCHURE, postpaid. "And why beholdest thou the mote that is in thy brother's eye, but considerest not the beam that is in thine own eye?"—Matt. 7-3.

HERE'S TO YOU, JIMMY

Win or lose, sink or swim, survive or perish, here's our hand to you, Jimmie Cox, on being the gamest fighter that ever appeared before the political footlights in a presidential contest. Men may doubt your chance to conquer and deny your capacity to govern, but they will never deny your ability to revive a losing campaign and convert it into a red-hot contest filled with your own matchless fighting spirit.

You had no chance to win when you were nominated. The convention that named you at San Francisco believed it was playing you at the head of a forlorn hope to lead a lost cause. They believed their party already beaten and selected you as leader just as a matter of form. Like an experienced broncho rider they were already looking for a soft place to fall.

Even after your nomination you for a long time had to make your fight alone. Save for the sterling assistance rendered you by your brilliant young running mate you received little aid from the leaders of your party. They ignored the battle you were making and devoted themselves to the task of saving as much local advantage as possible from the wreckage of defeat. They considered the national contest as already settled and left you to make such shift as you might.

But you triumphed over the dry bones of political indifference. Your clan-call has been heard from ocean to ocean and the faithful have at last too tardily sprung to arms. The land is lighted today by the bright flames of a million democratic campfires. A party that already acknowledged defeat is battling today at the very gates of victory. Filled with a fast ditch determination that party that Jefferson founded believes at last it has a chance to win and is fighting for every inch of ground.

And the party that opposes you has felt the sting of your steel. Recognizing you as a young political upstart when you were nominated and amazed at your effrontery at even suggesting that you were in the presidential race, the republican hosts are now frantically appealing to their ranks to stand faithful under your decimating fire. Shocked into consternation by the drumfire of your attacks the party of Penrose sees itself facing the possibility of overwhelming disaster. Even the complacent candidate from Marion has been excited into open speech.

Whatever your chance for election is it is of your own making. You may never wear the crown of thorns that hangs above the White House doors, but you have won the prize that belongs to a dauntless American, who believing in the cause he advocates, has the courage and the manhood to take that cause to the people and fight for what he believes is right.

THE STORY OF THE SEVEN STICKS

Years ago you read the story of the seven sticks that could not be broken until separated from one another and broken one at a time. The lesson taught by that simple story is still valuable to the people of any city or community desiring to advance along the lines of improvement and development and achieve something worth while.

A city peopled with a population thoroughly united and working in perfect harmony can achieve anything within reason. In unity there is always strength and oftentimes there is invincibility. Hence it is to the vital interest of every municipality to avoid those things that make discord and adhere to such things that make for peace and harmony.

A house divided against itself cannot stand and a city divided within itself cannot prosper. Unity is the life of a city and dissension is its sign of death. Divide the population of any municipality into warring factions and the hearse is waiting just round the corner. The force required to establish a public enterprise is wasted in the war of factions. Victory that smiles on a united people flees in fear from divided ranks.

Every citizen who is loyal to his city and who earnestly desires to see it grow will be anxious to compromise with those who oppose him. Things may not be done according to his own notion, but he will gladly yield his personal opinion in order to keep the grass from growing in the streets and in order to see the black smoke of increasing factories darkening the skies. He will remember the story of the seven sticks and do what he can to preserve the unity of his citizens.

A moonshiner's idea of a good citizen is the man who makes two ears of corn grow where only one grew before.

No matter who wins tomorrow, the White House is going to seem rather vacant after Woodrow leaves it.

Nothing tickles a politician so much as the spectacle of neighbors and friends falling out among themselves over cheap canards the politician has circulated just to get the people fighting among themselves.

WHY SUGAR IS DOWN

Sugar sold at 12½¢ a pound retail this week in Kansas City, although the shortage reported by the Sugar Trust early in the season ought to be shorter than ever.

The drop in price is not due to any promptings of conscience, least of all to Attorney General Palmer, or any activities against profiteering by the government. It is due simply to the fact that the great American public cut down on its use of sugar, that the canning season is over, that it wasn't much of a canning season this year anyway, and lastly because the Sugar Trust and the sugar speculators and gamblers can't afford to keep all their sugar, but must sell some of it.

BIG STILL FOUND BY OFFICERS IN MOONSHINE RAID

Sheriff Duncan and Deputies Destroy Illicit Booze.

Nine barrels of beer, nine barrels of sour mash, twelve gallons of corn whisky and a half-barrel of singlings were taken by Sheriff Bob Duncan and two deputies in a raid on a moonshiner's still last night near Bebee. The officers tramped through a wilderness of underbrush and had to crawl through mud to get to the dugout where the still was concealed. They waited all night near the place in the hope that the moonshiner would fall into their trap but no one came. Samples of the stuff were taken, and the rest destroyed. The still was broken up to prevent further use.

"We have clues which we believe will land the guilty party in jail," the sheriff said this morning.

Deputies Ed Brentz and H. R. Whitson were the ones who accompanied Sheriff Duncan on the raid. They left here yesterday afternoon upon receiving information that a still was being operated near Bebee. The informant could not tell just where the still was located, however, and the officers had to search to find the still. While hunting through the brush, they detected the odor of alcohol and crawled through the mud to get to the dugout. They came in this morning after waiting all night in the mud in the hope of catching the moonshiner.

Old Boreas Blows His Breath From Out of the North

B-r-r! From far up in the frozen regions of the ice-bound north came the breath of Old Boreas last night. Winter, peeved at summer's lingering caress, growled in anger and sent forth his favorite, the North Wind. This morning, when Ada opened its eyes, Jack Frost was on hand with his chilly greetings. He was gone in a moment when Old Sol had come from out of the dawn and smiled on the earth, but before going he told of his master's approach.

Winter himself will soon be upon us, sweeping from his far northern ice fields. Ada, still thinking of the soft caress of Summer and of Autumn's mellow touch, must shake out the winter heavier, both top and bottom, and prepare.

NEW MODERN OFFICE BUILDING IS COMPLETED

\$35,000 Second Story Addition to Shaw's Ready for Occupation.

With the completion of a \$35,000 second story addition to Shaw's department store, another modern office building is added to the city of Ada. Work on the addition was completed yesterday by the contractor, and 28 offices are now at the disposal of the business and professional fraternity of this city. The offices are divided into three sections, with two hallways. The stairway leads to a spacious lobby. All of the offices are equipped with modern conveniences, gas, water and electricity. A private telephone exchange will be maintained for the convenience of the tenants, who have already started to move in.

An office directory, with the name of all tenants, will be posted at the foot of the stairs.

Work on the addition was started a little more than three months ago. Shortage of labor, however, made it impossible to push the work to a finish as rapidly as had been hoped.

The offices range from small single rooms to large and spacious suites, conveniently arranged with main and private offices. Two sets of toilets for women and two for men are on each side of the building. A rear stairway has been built, affording two convenient exits in the event of fire. The building is fire-proof, however, and is equipped with apparatus to prevent any possibility of fire breaking out.

The building is owned by S. M. Shaw, proprietor of Shaw's department store.

"We feel confident in the future of our city," Langford Shaw, son of the proprietor, told the News this morning, "and we are not worried about getting tenants. The volume of business in this city is constantly growing, and there has been insistent demand for more modern offices."

W. P. Armstrong of the Shaw store is to have charge of the new offices.

OPERETTAS

English may not be as musical as Italian but it enables one to decide whether a star is suffering from love-sickness or appendicitis.

Several hundred Adaites who paid forty cents per each for copies of Il Trovatore in the original Italian experienced considerable difficulty in reading their lines last night. The highly diluted lights of the theater didn't help very much.

Some of the most enthusiastic musicians in the audience were hardly able to restrain themselves at times and when Leonora hit the high bars of "Non ti scordar di me," Bill House lost control and cheered rapturously.

When one of the wise ones told a young man from Turkey Creek that the scene of the opera is laid in Biscay, the aforesaid young man was heard to say, "I don't know just where Biscay is, but I'll bet two to one that Jimmie Cox carries it."

Leonora didn't make much of a hit with her singing, but when she began to bow her appreciation of scateering applause even the most calloused began to reach for their opera glasses.

A man may be willing to spend a dozen dollars to help put over a local enterprise and sit in a draft for three hours pretending to like something he doesn't understand, but that doesn't guarantee that he will go into raptures over the operations of a supposed demure maiden who weighs 209 pounds.

Crowd Stands in Cold To Hear "Favorite Son"

"Best speech Tom ever made, and he never made anything but good ones in his life," said one of those who stood for more than an hour in the cold last night listening to an address by Congressman Tom D. McKeown. The congressman spoke in the interest of the democratic campaign. The chilly blasts blowing southward from the north had a tendency to keep many at home, but a large crowd was on hand in spite of the this fact to hear a favorite son of Ada tell of the great issue of the day.

The speaker devoted most of his time to explaining the league of nations issue. The league, he said, was the hope of the world for a lasting peace. He compared the democratic and republican records, declaring that the farmers and people of the south had all to gain and nothing to lose by standing true to the democratic party.

The congressman arrived on a late train yesterday. He was applauded over and over when he assailed the shortcomings of the republicans.

Miss Cora Fox of Byng is here today shopping and attending to business.

Mrs. Nell Sines and T. C. Sines, widely known Kay county people, who were divorced some time ago, were re-married in Garnett, Kan., last week. They were called to Garnett to settle money matters in connection with their son, John H. Sines, and a reunion followed. They have gone to California to live, where Sines becomes superintendent of the Tepeal Oil Co.—Bartlesville Daily Enterprise.

Obituary

Mrs. Anna B. Surginer.

Mrs. Anna B. Surginer, wife of G. L. Surginer, died at her home two miles east of Francis Sunday evening at 5 o'clock. She had been ill for several days before her death and her two children are dangerously ill. She leaves a husband and two children and was about thirty-eight years of age. The funeral services were held at Cedar Grove by Reverend Waglin. The interment was made in the Cedar Grove cemetery.

Gas Shut Off for Stroud.

STROUD.—Notice has been given by the Oklahoma Natural Gas company here that gas will be shut off from the Stroud water, light and power plant, and from all gins November 1. It is declared that this will mean a raise in the rate of water and light.

NOWATA WOMAN IS ELECTED NOMINEE

NOWATA—Democratic wife of an active republican, Mrs. Roberta E. Lawson of Nowata is the only woman presidential elector on the democratic ticket in Oklahoma. Six years ago in the general election of 1914 her husband, Eugene B. Lawson was republican candidate for lieutenant governor.

Mrs. Lawson was active in women's club work for many years before the grant of suffrage made a place for women in politics. She has a strain of Indian blood in her veins.

HIGH SCHOOL TO HOLD ELECTION AT MUSKOGEE

MUSKOGEE, Oct. 29.—"Are you registered?"

"Where is my precinct?" These questions are most frequently heard in the halls of Central High school, because the first test campaign in the history of the school is being conducted by the democratic and republican factions. A miniature duplicate of the national election is being carried on in Muskogee's high.

The school is divided into wards and precincts in the same manner as in the city and each pupil is required to register in the precinct in which he lives. One hundred per cent registration is the end that the committees are working for.

All history students are making an intensive study of the democratic and republican platforms and the league of nations is also being closely studied. Pupils from Junior high school gave a series of three-minute talks in the second hour class rooms on the election and the national electors gave speeches in the Junior assembly.

All students are decorated with a series of Cox or Harding buttons, roosters or elephants, according to their party affiliations. The smiling likeness of Mr. Harding looks down on the students from each class room, while the democrats must have thought that Roosevelt was also a good vote-getter because he is right opposite Mr. Cox. Slogans and voting regulations fill the boards ordinarily covered with school work.

The campaign also brought to light Central high's latest feature of this year, the printing press. All campaign literature, blanks, and ballots are being printed right in the school's own pressrooms and the work turned out bears the earmarks of the professional printer's work.

If your child eats ravenously at times and at other times has no appetite at all, look out for worms. White's Cream Vermifuge is the remedy to use. It cleans them out. Price 35c. Sold by Hensler & Story.

Elks to Have Fun While Getting Elections Returns

Refreshments will be served at the Elks club tonight by the women folks of the Rosedale Cemetery association. In the meantime, the members, their families and friends will have a regular party while listening to the election returns which are to be received over a direct wire at the club.

All Elks are invited to come up with their families and to bring two guests. All those who have turned in their applications, but who are not yet Elks, are also invited to come up and enjoy the privileges of the club.

"We are going to make the losers, which ever side it happens to be, forget the sorrow of defeat in the pleasure of the moment," said Exalted Ruler Sam Schienberg this morning.

William H. Taft Recruits Leaders In Business And Lay Professions For Service In Religion

Railroad Presidents, Bankers, Public Officials and Publishers Included Among Those Who Accept Responsibility

THAT the church of today is competing successfully with "Big Business" and the lay professions for the services of their best brains is proved anew by the personnel of the national committee recruited by William H. Taft to direct the religious and educational campaign by which Unitarians will commemorate the three hundredth anniversary of the coming to America of the original Pilgrims—the Pilgrim Fathers.

It is being proved every year by enthusiastic laymen who are frankly recognizing their responsibility and taking up religion, not as an occasional Sunday morning diversion, but as seriously as they bend their energies to the success of their business projects. They are becoming convinced of the value of religious fundamentals as a way of living, accepting somewhat tardily, many of them, age-old precepts as the only solvent of the social and economic problems which confront the world today.

John D. Rockefeller, Jr., has given much of his time to the interests of the Baptist denomination. Men like John R. Mott and S. Earl Taylor have done much for Methodism and lay movements generally. The Pres-

byterian faith has called out a man like Robert E. Speer. The latest in this circle of lay leaders is Ernest G. Adams of Boston, chairman and treasurer of the Unitarian campaign, "The Roosevelt of Religion" who recently toured the country as the "Courier-Interpreter" of Unitarianism.

Because Unitarianism offers something not encompassed by a man-made creed, it has brought into the present campaign under the honorary direction of former President William Howard Taft, national leaders in many callings, including a number of the country's foremost financiers, railroad heads, manufacturers, professional men and statesmen. These men are prepared to put their personal interests second to service in this nation-wide exposition of what Unitarianism stands for and its practical side as "applied Christianity."

Daniel Willard of Baltimore, president of the Baltimore and Ohio railroad, is on Mr. Taft's committee. So are Ira A. Place of New York City, vice president of the New York Central; George S. Hobbs of Portland, Maine, vice president of the Maine Central; and Frederick A. Delano of Washington, D. C., former president

of the Wabash railroad and member of the Federal Reserve Board.

Among the public officials and professional men who are behind this educational movement are Dr. Charles W. Eliot, president emeritus of Harvard University; Judge Leslie C. Cornish of Augusta, Maine, United States Senator Duncan U. Fletcher of Jacksonville, Fla., State Senator Morton D. Hull of Chicago; William S. Kyle of Plymouth, Mass., Chairman of the Pilgrim Tercentenary Committee, and Thomas Mott Osborne, one of the leading penologists of the country.

Publishers, manufacturers and bankers on this committee include Cyrus H. K. Curtis of the Saturday Evening Post; Charles W. Ames of St. Paul, head of the largest publishing house for law books in this country; George F. Baker, president of the First National Bank of New York City; Albert H. Wiggin, chairman of the Board of Chase National Bank, member of the New York Clearing House Committee and former fuel administrator for the State of New York; and Philip L. Spaulding of Boston, former president of the New England Telephone and Telegraph Company.

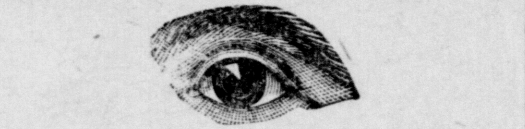

SOONERS WILL BE INVITED TO COACH '20 SQUAD

NORMAN, Nov. 2.—Letters to all old "Sooner" football "O" men have been sent out this week by Ben G. Owen, head University of Oklahoma football coach, asking them to come early next week and help coach the 1920 squad for the Kansas-Oklahoma battle. "Many of the former varsity men are now living in Oklahoma and could be of great assistance to our players if they get back Monday or Tuesday afternoon and help show the guys who are playing in the same positions they used to play, how you do the tricks they did against the Jayhawkers," the Sooner Mentor states Thursday night just before he left for Missouri.

Owen also wants the older athletes to get acquainted with the 1920 players. "Often these old fellows return for a game and don't know, personally, a single man on the squad. Of course they should know every man that's for the varsity. We hope to make this an annual affair before the Home Coming game each fall, starting with this year."

The ends that return will be put in special charge of Captain Luster, Marsh, Tyler, Haskell and other

ANSWER THESE IMPORTANT QUESTIONS

Have you ever had cause to doubt that you enjoy perfect vision? Do your eyes feel sore after a spell of close work—aching, smarting or feeling as if sand or grit was lodged behind the lids?

Do you ever, while reading, find that the print suddenly "goes misty" and confused? Is it necessary for you to hold your book or newspaper further away from the eyes than formerly—or do you need a stronger light? Do you find that reading or sewing for an extra hour or two causes headaches?

If you have noticed any of these peculiarities with your eyes you should have them carefully examined. Call and see us at once.

Ever Get Bilious? Try This

Take NR at once. Get digestive and eliminative organs working in harmony and relief is immediate. Never causes griping.

NR Tonight—Tomorrow Feel Right

When your liver goes on strike and you feel a sick headache and bilious spell coming, instead of prodding your liver with dangerous calomel and lashing your bowels with strong, irritating purgatives, get out your box of mild, gentle-acting NR Tablets and take one right off.

Relief will come just as quickly and with it genuine, lasting benefit. There will be no griping, gnawing pains or doubling stomach ache. Nature's Remedy (NR Tablets) work promptly and thoroughly, but the action is gentle, mild and soothing. Relief comes through the action of Nature's Remedy on not only the liver, but on the whole digestive and eliminative system—the stomach, the bowels and even on the kidneys. Stored up accumulations of waste and body poisons that have been clogging the system are completely cleared out, the over-worked stomach is strengthened and the interrupted work of digestion and assimilation is resumed. The inactive liver goes to work with new vigor, the bowels are unburdened, the headache leaves, that dull "dopey" want-to-crawl-down-a-hole feeling disappears, energy

"pep" and appetite return and you find yourself entirely, completely relieved.

There is no better proof of the great value of Nature's Remedy for biliousness and constipation than the fact that more than one million NR Tablets are used every day—more than five million boxes sold every year.

If you've not already done so, get a 25c box of Nature's Remedy (NR Tablets) and take the first tablet tonight. If your constipation is stubborn or persistent, continue to take one each night for a week or so. Then note how you feel. Your bowels will be as regular as clock work, and you'll find yourself in better shape physically, mentally, every way than you've been in many a day. After that you need not take medicine every day. An occasional NR Tablet to keep your system in good condition will be sufficient, and you can always feel your best. Remember it is easier, cheaper and keeps well than to get well. Just try it.

Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

Home Problems to Get Attention of U.S. Governor

By the Associated Press

MADISON, Wis.—State governors will consider housing problems and ways to promote ownership of homes in their 12th annual conference at Harrisburg, Pa., Dec. 1 to 3. Other subjects coming before the governors this year, as announced here by Miles C. Riley, secretary of the conference, are:

Decentralization of governmental functions and activities in relation to the developing tendency toward centralization in the national government.

The Kansas industrial relations court.

Sources of income and the disbursements of state governments.

The general agricultural situation.

Reports will be presented to the governors from the Commissioners on Uniform State Laws and the National Organization of State Railroad Commissioners.

"The coming conference promises to be one of the most largely attended and important gatherings of governors of our states that has ever been held," according to Secretary Riley. "Not only will most of the governors be in attendance but a large number of new governors to be elected on November 2."

"The conference will be held just prior to the convening of legislatures in most of the states, and will be of great interest to the governors who must submit their recommendations to these bodies."

No Anti-Jap Legislation.

By the Associated Press

WASHINGTON, Nov. 1.—Reassurances have been given to the Japanese ambassador by the state department, it was revealed in a formal statement today that "no anti-Japanese legislation in the state of California" will be acceptable to the country at large, that does not accord with "existing and applicable provisions of law, and with the national instinct of justice."

"Queen" Contest Will be Closed Friday Night

The "Queen" contest is growing in interest as the end draws near. There has been hopes for almost every candidate at some time of the contest but Miss Hacker, the senior candidate, is far in the lead according to the last reports received. Those who have charge of the contest are pleased with the out come and seen to think that it will be even more successful than was at first thought.

The standing of the candidates are as follows: Miss Hacker, 4306; Miss Caruth, 2697; Miss Elliot, 2425; Miss Robinson 1432; Miss Heard 1052; Miss Brown, 1020; Miss Hardin, 1003. The contest closes next Friday night and no votes can be cast after 11 o'clock on that night. Those who are tending to vote are urged to cast their votes now and not wait until the last minute to do so.

The first passenger tram was laid in New York in 1832, but was abandoned.

USE BARRELS FOR BALLOT BOXES IN NEW JERSEY

By the Associated Press

NEW YORK, Nov. 2.—The use of barrels for ballot boxes was one of the expedients adopted at some of the polling places in New Jersey today as a result of the greatly increased vote due to suffrage. It was indicated that owing to the large number of women registrants throughout the United States the same congestion prevailed elsewhere. In Boston the polls were kept open until 5 p. m., instead of at 4 o'clock. In Georgia except in the county seats, the polls were to close at 3 p. m., and in the county seats at 6 o'clock.

Voting is going on today in more than 100,000 election precincts in the 48 states, in three of which, North Carolina, Virginia and West Virginia, polls close at sunset.

GRAND OPERA WAS WELL ATTENDED

Full House Heard the San Carlo People Render Il Trovatore.

The McSwain was crowded last night by an audience of music lovers and public spirited people anxious to hear the rendition of "Il Trovatore" by the San Carlo Grand Opera company. The many hundreds who had never heard this famous opera before were as a general rule well pleased, but those of the audience who had heard other companies give the opera were rather disappointed. The evening's performance was not so good as the best, but decidedly better than the worst.

The train bringing the opera troupe to Ada was several hours late, delaying the beginning of the performance and by haste in arrangements interfering with the best presentation of Verdi's master piece. It was past nine o'clock when the curtain rose and well towards midnight when it was rung down at the scaffold of Manrico. Even at that, one important scene—the arrest of Azucena was eliminated.

The star of the cast decidedly was May Barron in the role of "Azucena." She had a splendid contralto voice of remarkable sweetness. In addition to that she possesses unusual power of dramatic presentation that enables her to delineate the capricious moods of the insane gypsy queen. Bettina Freeman as "Leonora" sang her lines with considerable effect but failed to reach the audience with the same degree of sympathy as Miss Barron. Nicola D'Amico in the part of "Count Di Luna" made a favorable impression, but Giuseppe Inzerillo as "Manrico" was indifferent. He has a good tenor voice but lacks the dramatic ability to effectively render the stirring part of "Manrico."

The scene in the gypsy camp and the rendering of "The Jolly Blacksmiths" was highly effective and won hearty applause. "El Miserere" was enjoyed by the audience but seemed lacking in coherency. "Home To Our Mountains" seemed to grip the audience as no other part of the entire opera.

An analysis of the evening's performance would probably show lack of organization as the principal impediment to a highly effective presentation. While several of the characters possess rare ability and many individual parts of the program were exceptionally good, the program as a whole seemed to lack that unity that is so highly essential to the best effect. While the program was in a way successful it failed to grip the audience in the way that such an opera is supposed to do. Still it was worth the money.

Injured Girl at Hospital Said to Be Improving

A slight improvement is reported in the condition of Miss Gertrude Carlton at the Faust hospital. The dead tissue resulting from gangrene has been removed by the surgeons, and it is believed that the flesh has started to heal on her injured leg, which was crushed and mangled in an auto wreck. The physicians who are caring for the girl report some infection near the bone, and they are working hard to overcome this condition.

"We are trying to keep her general condition good," Dr. W. D. Faust told a News representative this morning. "Her appetite seems to be getting better, which means that she will get stronger. She does not seem to suffer as intensely as time passes, and we are giving her less opiates."

The doctor said that hope for the healing of the wound rested with the general physical condition of the girl. The natural tendency is to heal. The physicians can only assist nature in taking its course.

HOW DANISH WOMEN, ENJOYING SUFFRAGE FOR YEARS, VOTE

View in voting hall in Denmark.

The view held by some folk in the U. S. that voting will be a fad with women and nothing more and therefore won't appeal to them after a few elections, is

refuted by the women of Denmark. They have enjoyed suffrage for years and are taking a more active part than ever in the present day politics of their

country. The picture above shows more women than men in the voting hall in one of the leading cities. The halls are more roomy than our little booths.

WHAT IS TO BECOME OF THE YOUNG COUSINS WHO RECENTLY MARRIED IN SPIE OF THE LAW?

The plight of an unborn child enmeshed in the tangled skeins of love and the law has aroused untold sympathy for a girl-wife who is to become a mother, and whose fate now hangs in the balance with that of her husband. The girl is Viola Gray, who was married to Solon McDonald, her first cousin by blood, nine days ago. A wave of sentiment, it seems, has swept forth for the girl, who was raised in ignorance on a farm near Allen.

The couple have been living apart since their arrest Thursday on a charge of incest following a complaint filed by the girl's father, E. H. Gray. After making bond here in Justice Brown's court, she went back to the home of an uncle near Steedman. The young husband returned to his parents' home.

A Stigma on Child.
The case presents unusual complications which may influence the authorities in dealing with the unfortunate couple. If the marriage is annulled, a stigma will be placed on an innocent little soul which would then be born without a name. Then, too, if the marriage should be annulled, the girl would have to choose between going back to what she describes as a life of drudgery or facing the world alone and helpless.

It is a sin against the laws of the state of Oklahoma for first cousins by blood to marry. It would be a sin against the unborn child to deprive it of its name. Which, in this case, is the greater evil?

The girl's father was opposed to the marriage of his daughter to her first cousin. But love found a way, and they met. The father did not know that his daughter's relations had become more than intimate with the young man, and that she had been in a delicate state for more than two months. He did not know that this was the reason the couple reached that point where they decided to marry in spite of the law. He was not aware of the fact that it was to give the child a name, as well as because of the fact that they loved each other.

Efforts are now being made to bring about a reconciliation between the father and the couple. If this is done, efforts to have the marriage annulled may be dropped and the case dismissed for the child's sake. Preliminary hearing of the charge against the couple is set for November 16 in Justice Brown's court. Some discussion has been heard in legal circles as to what effect a second marriage ceremony, performed in the state of Texas or any other state, would have on the charge pending against the couple. There are those who contend that such a marriage in another state would automatically mitigate the charge, because Oklahoma would have to recognize the marriage as legal. This state can only regulate marriages within its boundaries.

Is Marriage Legal?
The fact still remains, however, that they did enter the marriage relationship in this state before such a second ceremony would have been performed. Will the state hold them for the faulty relationship of the first marriage? And another important question presents itself: In the event that the charge against the couple is dismissed, will the state recognize the ceremony performed in this state as legal? Or will it become necessary for the couple to go to another state and have the ceremony performed again before they can legally be called man and wife, and for the sake of the unborn child?

Face Term in Pen.
In the meantime, the charge against the couple stares them in the face. The crime of incest is punishable by a sentence of not more than ten years in the penitentiary. Rather than see his youthful bride sent to the pen, the young man is willing to have the marriage annulled. The father, it is said, wants the girl back on the farm in order to make her do his work.

Pure White Bakery Newest Addition to Business District

The newest business in Ada is the big bakery that is being opened up this week on East Main street. It is located in one of the new Shelton buildings and will be known as the Pure White Bakery with M. S. Hughes as general manager. Machinery of the latest and best type has been secured and is being installed. The oven is one of the best of its kind and is equipped to bake any kind of pastries. A machine for moulding loaves and wrapping them at the rate of one a minute and a bread mixer are some of the machines with which the shop will be equipped.

The management is well pleased with the manner in which things are being put in shape and are confident that they will be able to start business by Thursday of this week. A delivery wagon will be at the service of the patrons. The new business invites the public to come around and get acquainted.

The guava fruit, from which excellent jellies are made, is found only in tropical America.

REPUBLICANS SWEEP NATION; CONTEST CLOSE IN OKLAHOMA

REPUBLICANS ARE SNOWED UNDER BY ADA VOTERS

Democratic Candidates in
Pontotoc County Are
Elected.

Governor Cox led Senator Harding by 933 in the four wards of Ada. Scott Ferris was given a majority of 977 over his republican opponent, Congressman Harrel. Pratt led Manville in the race for state representative by a margin of 756, more than two for one. Ada gave Tom McKeown a majority of 1,187 over Pringley in the race for congressman from the Fourth district.

The total vote cast in this city was as follows: For president: Cox 1,502, Harding 569. For senator: Ferris 1,529, Harrel 560. For representative: Pratt 1,400, Manville 644. For congressman, McKeown 644. For congressman, McKeown 1,636, Pringley 449.

The vote by wards was as follows:

Ward One.
For president—Cox 591, Harding 160. For senator—Ferris 613, Harrel 151. For representative—Pratt 543, Manville 196. For congressman, fourth district—McKeown 637, Pringley 127.

Ward Two.
For president—Cox 364, Harding 97. For senator—Ferris 364, Harrel 97. For representative—Pratt 335, Manville 121. For congressman, fourth district—McKeown 406, Pringley 40.

Ward Three.
For president—Cox 167, Harding 151. For senator—Ferris 173, Harrel 151. For representative—Pratt 162, Manville 148. For congressman, fourth district—McKeown 187, Pringley 148.

Ward Four.
For president—Cox 380, Harding 161. For senator—Ferris 389, Harrel 161. For representative—Pratt 360, Manville 179. For congressman, fourth district—McKeown 406, Pringley 144.

Seventeen county precincts have been officially heard from. The democratic candidates are leading their republican opponents by a wide margin, and indications are that when all returns will have been tabulated they will be the winners.

The proposition to issue county bonds to the amount of \$150,000 for building a county hospital appears to have been hopelessly defeated. The bond proposition for a county courthouse is still in doubt, and is believed to be lost. Every ward in the city of Ada gave both propositions a heavy plurality. The county precincts so far tabulated, except Stonewall and Center voted against both issues. Stonewall and Center gave both a majority.

Tal Crawford was elected county judge without opposition on the democratic ticket, and Wayne Wadlington, democrat, was elected county attorney without opposition. A. Floyd was elected superintendent of public education without opposition.

Complete returns from the election in Pontotoc county cannot be secured as the Evening News goes to press. But approximately complete returns show that the democratic majority in the county will be about 1,500.

Congressman McKeown leads the democratic candidates in this county with a majority that may reach 1,700. A surprise of the election is the fact that Scott Ferris is running along near McKeown and will have a majority only slightly less than the Ada congressman. Pratt has won for representative by a majority of more than 1,200.

The closest race in the county was in the second commissioner's district where Brents has won over Van Zandt. The returns from the Jesse precinct are not obtainable, but without this precinct Brents has a lead of 120. The returns from Jesse are expected to reduce Brents' lead to about 85.

In the first district Stephens has a substantial lead over Leonard. Stephens owes his victory to the

COX SMILES AS RETURNS COME IN

Takes His Defeat in Good
Humor and Congratulates
Senator Harding.

By the Associated Press

DAYTON, Ohio, Nov. 3.—Governor Cox, the defeated presidential candidate, today wired his congratulations to Senator Harding, the president-elect, pledging support "as a citizen to the executive authority in whatever emergency might arise."

"In the spirit of America I accept the decision of the majority, tender as the defeated candidate, my congratulations, and pledge as a citizen my support to the executive authority in whatever emergency might arise."

The governor's telegram was the first formal concession of the election of his republican opponent.

From early last night the governor had no illusions about the final results, but he refused to make any statement. His newspaper extra, announcing "Republican Landslide—Harding Wins," was said by him to be a "purely impersonal" expression, but once that it was on the street he manifested little interest in the accumulating returns.

The governor proved a good loser and the last hour at his office was devoted to comforting disconsolate callers. He never lost his smile, nor did Mrs. Cox, who spent the evening with him. To all friends who came with condolences, he added these words to his smile: "I'm proud of your interest."

ADVANCE BULLETINS

By the Associated Press

OKLAHOMA CITY, Nov. 3.—The contest in all of the eight congressional districts of the state at noon today were very close. In most of the districts only 2,000 votes separated the candidates of the major parties, with about half of the precincts in. The reported vote at noon follows:

First district—145 of the 364 precincts, Howard, democrat, 14,069; Chandler, republican, 16,116. Second district—112 of the 264 precincts, Hastings, democrat, 10,994; Alice Robertson, republican, 8,998.

Third district—32 of the 405 precincts, Carter, democrat, 4,236; Shinnaber, republican, 2,228.

Fourth district—144 of the 375 precincts, McKeown, democrat, 12,575; Pringley, republican, 10,473. Fifth district—149 of the 276 precincts, Swank, democrat, 19,891; Hainer, republican, 17,251.

Sixth district—156 of the 304 precincts, Thomas, democrat, 11,255; Gernman, republican, 11,437. Seventh district—81 of the 331 precincts, McClintic, democrat, 6,550; Montgomery, republican, 3,569.

Eighth district—Long term, 133 out of 384 precincts, Harris, democrat, 6,793; Herriek, republican, 10,145.

Ninth district—Short term, 58 out of 384 precincts, Harris, democrat, 2,631; Swindall, republican, 4,371.

Girl's Father Shoots Down Young Lover

Final Chapter to Cherokee
County Fued Ends in
Death of Youth.

TAHLEQUAH.—Three bullets from a six shooter in the hand of an irate father ended the amorous attentions of John Sauerjohn toward the daughter of Switch Foreman recently, and also wiped out an old feud between the two men.

Foreman met Sauerjohn on the street and immediately opened fire with a sixshooter. Three bullets passed through his body. Sauerjohn died instantly. Foreman is in jail.

Both are Cherokees. Sauerjohn was sent to the penitentiary several years ago and two years ago he was granted a parole. He returned to his home in the north part of Cherokee county and started to renew attention to Foreman's daughter.

Foreman, who lives in Delaware county, at that time warned him off the place and took a shot at him, but missed. Later Sauerjohn's parole was revoked and he was returned to the penitentiary. A week ago he finished out his term and returned to Tahlequah.

Evidently Foreman heard that Sauerjohn was back for when he came to Tahlequah he was armed and wasted no time or words in opening the shooting.

Foreman is three-quarters Cherokee and Sauerjohn was a full-blood. Foreman declines to discuss either his own previous relations with the dead man or to say anything about his daughter in here that, connection, but it is known here that the feud between the two men has been bitter for several years.

Foreman is 45 years of age and coal resources at a billion and a quarter of tons.

DALLAS JUDGE IN DIVORCE FIGHT

Says Poor Home Life and
Early Marriage Cause
of Evil.

DALLAS, Tex., Nov. 3.—That poor home training, resulting in numerous early marriages is a cause of divorce suits was told by Judge E. B. Muse of the Forty-fourth district court to Dallas pastor's association at the weekly meeting of the Pastor's association held Monday morning at the Y. M. C. A. building.

"The present age is a period when children instead of the parents rule the house," judge says. "This condition frequently leads to early marriages that all too often lead to the divorce court. A small percentage of the Dallas Bar association specializes in securing divorce cases through the waiver route, or by citation through publication. Both systems are a disgrace to the Texas system of court procedure and laws should be passed abolishing both systems. While it is legal for magistrates to marry people, I have never believed that persons are really married unless the ceremony is pronounced by a minister. Every County Clerk who knowingly issues a marriage certificate to a minor should be sent to the penitentiary."

Judge Muse declared himself in favor of the divorce system where it is used to relieve persons from a living death. "Texas statutes setting forth reasons for divorce were splendid but the divorce laws are laughed at and persons are set free from marriage obligations without a legal reason."

Estimates place Utah's unmined coal resources at a billion and a quarter of tons.

HARDING AND COOLIDGE ELEVATED TO HIGHEST OFFICES FOR 4 YEARS

Voters Repudiate Administration and League of Nations
Contest So Close in Oklahoma That An Official
Count Will Be Required to Determine Result.
McKeown and Ferris Hold Safe Leads.

Harrel and Harding Leading

OKLAHOMA CITY, Oct. 3.—Senator Harding jumped into lead in Oklahoma shortly before two o'clock when unofficial and incomplete returns from 1312 precincts of 2685 in the state gave Harding 114,507 and Cox 113,637. Harrel, republican senatorial candidate leaped into the lead when unofficial and incomplete returns from 1402 precincts gave Harrel 125,914 and Ferris 124,132.

Considerable gains for the republicans in the national house of representatives are indicated in early returns from the east and middle west.

From all parts of the country come reports that a heavy republican vote was cast and in most of the congressional districts in which the result has been held doubtful the claim is made that the republican candidate has been elected.

Contrary to the hope of the democrats that the league of nations would swing the votes of the women into the democratic column, the women for the most part voted with their party and added to the republican majorities.

Democratic hopes of gains in Massachusetts, Connecticut and Pennsylvania were shattered early and the republicans are claiming gains of the one democratic seat in Connecticut, two in Pennsylvania, two in New Jersey, three in Ohio and one in Illinois.

Several races in Kentucky and Tennessee are close on the face of the first returns but these returns are too meager to forecast the final result.

Republicans apparently have been able to hold their own in West Virginia, Ohio, Indiana, Illinois, Wisconsin and Minnesota.

MARION, O., Nov. 3.—No longer a party nominee, but president elect of the United States, Warren G. Harding turned his thoughts toward rest and recreation today before approaching the formation of the administration machine and politics.

He plans to take a real vacation trip, which will give him two weeks of seclusion on the Texas coast and a week of outing in the Panama Canal Zone before he goes to work choosing his cabinet and mapping out the work he is to do after March 4.

With particular interest he scanned the reports of the various senatorial elections, because of the important part he expects the next senate to play in the formation of a foreign policy. It is no secret that the major concern of the republican leader was over the local fight made on a number of republican senatorial nominees, and Harding voiced unmeasured delight that the outlook was for retention of a party majority in the upper branch of congress.

Duncan Officers Start Monday

By the Associated Press

DUNCAN.—Commissioners recently elected under the manager plan of government will be inducted into office Monday. It is understood that a Duncan man will be hired as manager. A new audit of the city's books will be made immediately. The work will require several weeks and when completed it will be published.

The cost of living in Sweden has increased 195 per cent in six years.

The vacation trip to be made by the new president-elect and his wife will have as its purpose not only rest and recreation, but avoidance of many of the small annoyances that always fall to the lot of a coming president. Office seekers already have begun their siege of the successful candidate and in Texas he hopes to get away from, for a time, the premature cares of his new position.

Mr. Harding remains a member of the United States senate, but as his plans now shape up he probably will not take more than a short visit at the most, to the national capital before inauguration day.

He has a standing pair with Senator Underwood of Alabama, the democrat leader, and his friends say that unless some emergency arises he will let that arrangement protect the republican majority in the opening week of the session, which begins next Monday.

On January 1, when election figures indicate that Governor Cox will be succeeded in the state by Harry L. Davis, republican, Harding probably will not release his senate seat. Because of the slender republican margin at present in the upper house, he does not desire to step out sooner and let the governor fill the vacancy by appointment of a democrat.

RADIUM BOTHERED HER SO SHE THREW AWAY \$13000 WORTH

UTICA, N. Y.—In an effort to locate a milligram of radium valued at \$13,000, carelessly dropped by a woman patient at the Faxon hospital here today, workmen began to dig up the sewers in the vicinity of the hospital.

The mineral was the property of Dr. George M. Fischer of this city and was being used on the woman's breast in the hope of curing cancer. Because it irritated her, the woman, who did not appreciate the value of

the radium, went to the bath room, took off the bandage and threw it away.

BILIOUS CHILDREN

Black-Draught, Long in Successful Use, Praised by an Arkansas Mother, "Soon Does Its Work."

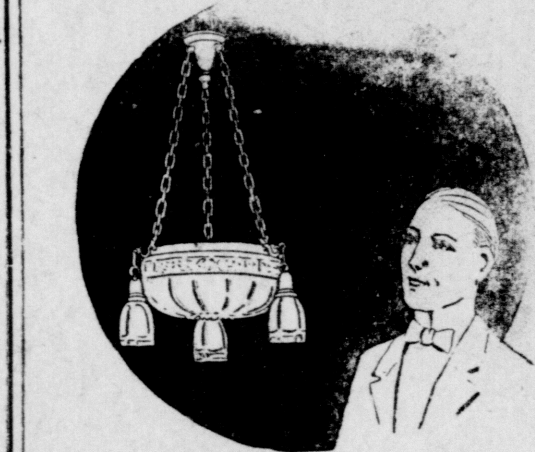

Marmaduke, Ark.—Speaking of Theodor's Black-Draught, which from long use in her household has become regarded as "the family medicine," Mrs. Mary E. Hill, of Route 1, this place, says:

"When the children get bilious, I give them a couple of good doses, and when we have sour stomach, headache, or any liver or stomach trouble, we use Black-Draught. It is an easy laxative, and soon does the work. I certainly think it is one of the best remedies made."

Black-Draught acts on the liver, gently, but positively, and helps it in its important function of throwing out waste materials and poisons from the system.

In thousands of households Black-Draught is kept handy for immediate use in time of need. Prompt treatment often is half the battle, and will often prevent slight ills from developing into serious troubles.

Its well-established merit, during more than 70 years of successful use, would convince you of the helpful effects obtainable by taking Black-Draught for liver and stomach disorders. Get a package today, and keep it in your house. See that the package bears the words, "Theodor's Black-Draught." NC-141

THANKS TO THE PUBLIC

The Security State Bank, in behalf of its stockholders and officials, desires to thank the people of Ada and Pontotoc County for the wholehearted welcome extended it on the occasion of its opening and initial bow to the business public, and for the many beautiful floral tributes.

Complimentary deposits from friends from other points, and deposits in the regular course of business on the opening day, by far exceeded our fondest expectations, for all of which we are more than grateful.

Our constant aim shall be to render service equal to the best, treat every customer alike and see that none go away dissatisfied. Again thanking you for the magnanimous treatment accorded us on our opening day, and soliciting a liberal share of your patronage at all times, we have the honor to be,

Yours sincerely,

THE TOWN GOSSIP

GOVERNOR ROBERTSON.
OKLAHOMA CITY.
MY DEAR Gov.

I WAS in Oklahoma City.

ON A business trip.

AND WAS standing.

IN FRONT of a store.

ON MAIN street.

TALKING TO a friend.

WHEN A crowd of kids.

FIFTY OR sixty strong.

PASSED IN front of us.

AND I wanted to know.

WHAT IT was all about.

AND MY friend told me.

THAT THEY were orphans.

FROM ONE of the orphanages.

AND I looked at them again.

AND THE girls.

WERE ALL neatly dressed.

AND LOOKED healthy.

AND FULL of life.

AND THEIR faces.

WERE GOOD to look at.

AND IT must have been.

SOME KIND of a special treat.

BECAUSE EVERY one of them.

LOOKED BRIGHT and gay.

AND THE boys.

WERE MANLY little fellows.

AND EVERY one of them.

LOOKED NICE and clean.

AS IF they'd just left.

THE BATH tub.

AND I spoke about it.

AND MY friend said.

"YES, INDEED.

"THEY'RE GIVEN.

"THE BEST of care.

"AND EVERYTHING possible.

"IS DONE for them.

"AT THE orphanage."

AND I followed them.

WITH MY eyes.

UNTIL THE whole crowd.

HAD DISAPPEARED.

AROUND THE corner.

AND DEAR Governor.

I JUST wanted to say.

THAT THERE are times.

WHEN WE complain.

ABOUT TAXATION.

AND A lot of other things.

BUT IF it should happen.

THAT THERE isn't.

ENOUGH MONEY.

TO RUN the orphanages.

I'D BE perfectly willing.

TO HAVE my taxes.

BOOSTED A little.

AND I know a lot.

OF OTHER folks.

WHO FEEL the.

SAME WAY about it.

AND I know.

THAT EVERYBODY would.

IF THEY could just see.

THAT CROWD of children.

WHICH I saw.

I THANK you.

GO TO THEATRE

At the New Liberty.

One of the most remarkable collections of mountain "types" ever seen on the screen appear in "Bill Apperson's Boy," to be shown at the Liberty Theater today. The men, bearded and armed with the inevitable gun and the women, slatternly and followed by crowds of children who roam the hills like small, wild creatures, forms a background before which the leading actors appear. Jack Pickford is the star. He is supported by Gloria Hope, Russell Simpson and others.

At the American.

In a thrilling story of the half world that is said to offer him immense opportunities for his best work, George Walsh, the athletic William Fox star, will be seen at the American Theater today in "From Now On." This is a picturization of the successful story by Frank L. Packard, author of "The Miracle Man," and from advance reports young Walsh in his new vehicle, will surprise even his most devoted fans.

"Rio Grande," a feature production by Edwin Carewe of Augustus Thomas' popular stage play, will be the attraction at the American Theater next Thursday and Friday. This is Mr. Carewe's first all-star production for Pathe. The cast includes such well-known players as Rosemary Theby, Allan Sears, Adele Farrington, Hector V. Sarno, George Stone and man yothers.

At the McSwain.

The mammoth battle scenes in "The Price of Redemption," the new Metro production starring Bert Lytell, which will be seen at the McSwain Theater shortly, were filmed in the mountains of California with 800 extra people taking part in the spectacle. "The Price of Redemption," which is the screen adaptation of June Mathis from L. A. R. Wylie's novel of India, "The Temple of Dawn," has as one of its principal spectacular scenes a native uprising and storming of an English garrison. The mimic battle was filmed up in the mountainous regions, where a mountain pass afforded ideal location for the story of the photodrama.

Because of the many large and elaborate sets that were specially constructed for "The Price of Redemption," this latest picture starring Bert Lytell is said to be one of the biggest productions ever released under the Metro banner. In addition to the mammoth battle scenes, an Indian fete was staged in which seven hundred extras participated. The fete was held in what was supposed to represent Ft. Akbar, India, and required the building of a special set. Many camels, goats and elephants were used to provide atmosphere for the scene.

"The Price of Redemption" was directed by Dallas M. Fitzgerald, and photographed by Sol Polito. Seena Owen, Cleo Madison and Landers Stevens are in the cast supporting Bert Lytell, the star. Thursday marks the opening of the first dramatic stock show at the McSwain Theater when the Harrison Stock company opens for a three-day engagement. Thirty people, carrying band and orchestra, presenting for the first night, "Mr. Jim aBiley." Try to get in.

"And why beholdest thou the mote that is in thy brother's eye, but considerest not the beam that is in thine own eye?"—Matt. 7-3.

WHEN COTTON IS NOT KING

The cotton growing states of America have what might be termed a monopoly on the cotton production of the world. Cotton is grown to some extent in other nations, but it is in the states of the South that the bulk of the world's cotton is produced.

Yet in spite of its monopoly the Southern states have not grown rich growing cotton. One would almost be safe in saying that of all monopolies that of producing cotton is the only one on earth that has failed to make the monopolist rich. Instead of wealth, poverty has been the constant companion of the cotton growers of the South. Except during an abnormal period following close on the heels of a wasting war the cotton grower has groped in the darkness of an economic depression. His monopoly has been as much a liability as an asset.

The monopoly the cotton states enjoy in the production of cotton ought to make this section one of the most prosperous sections of the world. Any other part of the earth enjoying a monopoly as complete as that held on cotton by the South is a garden spot of wealth and contentment. It is therefore puzzling at times to understand why a positive monopoly of one of the world's necessities should prove a burden to the people enjoying that monopoly.

The prime evil of the cotton situation is the lack of intelligent and coherent organization on the part of the cotton growers. Every other business is well organized and nearly every other business is prosperous all the time as the years go by. But there is no organization worth mentioning among the cotton growers and thousands of them are suspicious of organizations. Some day the pressure of economic necessity will force them to organize, but they have not done so yet.

Diversification during the war did wonders for the cotton growers, and without diversification in time of peace organization itself will be inadequate. Then the cotton growers must learn not to produce more cotton than the world can use. They must learn to ascertain in advance just how many bales of cotton the world is going to need, and then produce no more bales than are necessary to supply the demand. They must also learn the childish folly that lies in crowding the market with cotton faster than the industries of the world can absorb the surplus.

A long step towards the solution of the cotton question will have been taken when the cotton growers are selling directly to the spinners. Why they have not done so all these years is a mystery until we recall that they have no organization. The average cotton producer is far removed from the spinner and under present conditions can reach the spinner only through the medium of middlemen.

Some day the cotton states will be the richest section of this republic. But that day will never come until the cotton growers have an organization to insure diversification, to intelligently control acreage and marketing, to provide adequate warehouse facilities, and to sell the products of the cotton field directly to the cotton buyers.

WHEN EVERYBODY LOSES

It is a pity that the laws against libel and slander could not be invoked against political leaders and political organizations. The stories put into circulation during a state campaign injure the entire state and all its people. Citizens of other states reading the lurid charges against thousands of our citizens are prone to believe those charges true and to decide that Oklahoma is a very undesirable state in which to live.

Take the stories of contemplated election frauds that are circulated in every campaign and which no sensible person believes. If those charges are circulated by the minority party, they are equivalent to saying that the majority of Oklahomans are crooks. If they come from the majority party, they amount to an allegation that nearly half the population is a felony. Nobody at home believes those charges, but many people in other states may.

Our people cannot be too careful in seeing that our election laws are enforced and the rights of the public safeguarded. But it is foolish to start out on the assumption that everyone who differs from us has criminal intentions. It is superlatively foolish to advertise the charge that about half the people in the state are getting ready to perpetrate

When we see a leading church member making an election bet with a leading bootlegger we are persuaded that some people who claim to have received the second blessing never have received the first.

We have sufficient optimism to believe that the republic will be able to wiggle and wobble along for the next four years.

Grocery Market To Be Opened On East Main Street

A new grocery is being installed in one of the Shelton buildings on East Main and will be known as the Purdy Grocery-Market. A meat market will be run in conjunction with the store and first class goods and service is the motto of the new company. Everything will be new and up-to-date and the best quality of groceries will be handled.

The manager of the business is J. E. Drake of Valliant, Okla., who has just recently moved here. He is a man of experience and invites the public to come around and get acquainted and give him a trial. He stated that it would be about ten or fifteen days before the complete stock would be opened to the public.

Northeastern Team Is Coming For Game Saturday Afternoon

Next Saturday afternoon will see another hard game of football on the Normal grounds when the Northeastern team comes here to play the Clary pigskinners. This is the second game to be played on the home gridiron and as both teams are about equally matched and have a good team, an excellent game is assured.

Coach Clary has been putting his men through some hard workouts since the game last Saturday and is going in this game to win. The men are eager for the contest and from present indications victory is within reach. Four games are lined up to be played on the home grounds in succession and the local fans will be given an opportunity to see some real playing.

Those who want to see a real, fast, hard-fought game, should not miss the opportunity to see these two teams next Saturday afternoon. The second team leaves Thursday afternoon for Maud where they will meet the high school team of that place on Friday afternoon.

Only Two More Days To Decide Popular Girl Contest at the Normal

For the last two or three days there has been a lull in the voting for the Pesagl queen, because of football and interest in politics. The report that came out last evening at 4 o'clock indicates that the senior candidate, Miss Hacker, would have a walk away unless some other classes give more support to their favorites. It is hinted that Miss Hacker is getting considerable support from her home town, Purcell. Judging from her start, it seems that it is entirely possible that she will be considered the most popular girl in the Normal.

The contest has narrowed down to three contestants, the Misses Hacker, Caruth and Elliott. Of course there is a chance that some of the rest may have a trick up their sleeve to play at the eleventh hour.

The latest official count shows:
First—Miss Hacker, 4226.
Second—Miss Caruth, 2697.
Third—Miss Elliott, 2538.
Fourth—Miss Robinson, 1432.
Fifth—Miss Brown, 1123.
Sixth—Miss Heard, 1059.
Seventh—Miss Hardin, 1003.

It may not be within the province of the News to suggest, but it seems to us that Ada could furnish two or three young ladies for the queen contest. Are they going to sit idly by and let this honor go to some outside city?

SHERIFF'S POSSE KILLS DESPERADO

Ruled Town Many Hours
With Six Shooters; Was
Trailed by Hounds.

SALLISAW—The body of Sam Still, the desperado who was shot to death by a sheriff's posse near Gore in the extreme western part of this county recently, was buried in the pauper's field here. Still's family refused to bury the remains. Still's career as an outlaw was brief, but despite its brevity it was sensational enough to recall the career of many of the outlaws who infested the old Indian country during its early days. For a day and a half Still was in sole and undisputed possession of the little town of Gore, terrorizing the citizens with his six shooter which he discharged with reckless abandon whenever the fancy struck his drink crazed brain.

Runs Officers From Town.
Still, a 40-year-old half blood Indian, who had a wife and two grown daughters, went on a rampage last Friday when he beat his wife in a drunken spree and later held up and robbed a boy along the Illinois river near Gore.

Justice Henry Payne of Gore issued a warrant for his arrest. The warrant was given to Deputy Sheriff W. A. Pater to serve. Still heard of the warrant and on Saturday he boarded a train at Vian and went to Gore. In one hand he carried a jug of whiskey and in the other he carried a revolver. He went to Payne's office where he covered him with a gun, abused and threatened to kill him. After exhausting his tirade he gave Payne five minutes to leave town. Payne did so.

Then Still hunted up Pater and subjected him to similar treatment. He also gave Pater five minutes to leave town and Pater joined Payne in seclusion.

Shoots Up Restaurant.
Still next went to the stores and to the bank in Gore and demanded the proprietors close their doors at once or he would murder them. Invariably they obeyed or else they shut up as fast as they discovered Still was about. Still ruled the town for the remainder of the day, frequently engaging in target practice on the streets. He disappeared at night.

He returned Sunday morning and rode a horse into a restaurant, shooting as he entered. He emptied the place in an instant and then prepared himself a sumptuous breakfast. Following his meal he repaired to the Missouri Pacific station which he retained without molestation.

Escaped from Sheriff.
Sheriff Ben Faulkner of Sallisaw

and deputies came to Gore Sunday afternoon on a handcar. A half mile from the station they met Pater who advised them of Still's whereabouts. About the same time Doc Fields, a Gore resident, advised the sheriff that he had succeeded in removing the cartridges from Still's gun.

When the sheriff and the officers arrived at the station Still didn't act like the gun was unloaded. He pulled the weapon on the officers who in return did not feel assured

the revolver was empty. They offered no resistance while Still backed off and started to run toward a hotel where several persons were sitting on a porch. Their presence made the officers hesitate in firing at the outlaw.

Shot While Running.
Faulkner telephoned to Ft. Smith for bloodhounds, the dogs arriving early Monday. They trailed Still to a cabin in a thicket about eight miles northeast of Gore. Feeling as-

ured that Still had sought refuge in the cabin which was surrounded on all sides except one by a thicket the officers called off the dogs a half mile from the house and surrounded the place.

Still's dog began barking at the approach of the officers and gave the alarm. Still ran out of the house, gun in hand, and started for a cotton patch. He refused to halt when commanded to do so, and bullets fired in the air had no effect.

TWELVE KILLED IN POWER PLANT BLAST

NORTH TONAWANDA, N. Y.—Twelve men were killed early Sunday morning in an explosion and fire at the distributing tower of the

Niagara Falls Power company here. The explosion apparently was caused by a short circuit.

The force of the blast burst a steel barrel of lubricating oil which formed part of the new equipment and the flash of the electricity ignited the oil which was thrown over the men in the room.

As a result of the accident, North Tonawanda, Tonawanda and a part of Buffalo were without lights and power two days.

India's wheat crop is about 34 per cent greater than in 1919.

Get this Xmas guide-
book to Period
Furniture

Come in and let us give you a copy of "Edison and Music". Tells about the chief period designs—what they look like, what they stand for, Pithy descriptions. Beautiful illustrations. Just the information you want.

Let us show you what an exquisite thing a phonograph cabinet can be.

Every New Edison on our floor—no matter what its price—is encased in a genuine period cabinet.

Period Furniture is the world's most exquisite development of furniture. It originated in the 16th, 17th, and 18th Centuries. Europe was ruled by a Gorgeous Aristocracy. Fine living was the ideal of the day. An unparalleled race of artists, architects, and designers built palatial living-places for kings and nobles, and furnished them. The palaces of the nobility became treasure-houses of fine

furniture. It was called the "Golden Age of Furniture."

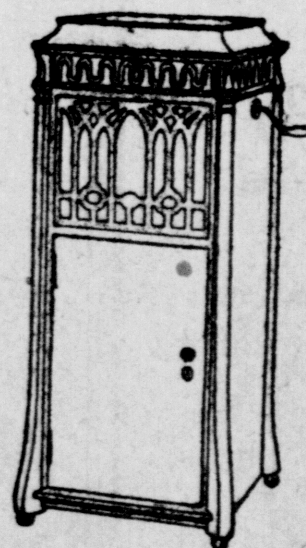

So Mr. Edison had his designers go back into the manor houses of England, the chateaux of France and the castles of Italy. They adapted 17 designs from historic masterpieces. They preserved entire "the character and feeling of the best periods" in these superb phonograph cases for the modern American home.

No matter which Edison cabinet you choose, you get both the arts that make your house a cultured home—music perfectly RE-CREATED and furniture of purest period source. What finer gift for all the family?

ANSWER THESE IMPORTANT QUESTIONS

Have you ever had cause to doubt that you enjoy perfect vision? Do your eyes feel sore after a spell of close work—aching, smarting or feeling as if sand or grit was lodged behind the lids?

Do you ever, while reading, find that the print suddenly "goes misty" and confused? Is it necessary for you to hold your book or newspaper further away from the eyes than formerly—or do you find that stronger light? Do you find that reading or sewing for an extra hour or two causes headaches?

If you have noticed any of these peculiarities with your eyes you should have them carefully examined. Call and see us at once.

OKMULGEE—The second death resulting from asphyxiation within the past sixty hours, in Okmulgee, occurred Sunday morning at 11:30 o'clock when Mels Frederick Bendt, sixteen months old infant son of Mr. and Mrs. Mels Bendt, died from gas fumes and his mother narrowly escaped death.

FAIR EXCHANGE

A New Back for an Old One—How an Ada Resident Made a Back Strong.

The back aches at times with a dull indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame that to stoop is agony. No use to rub or apply a plaster to the back if the kidneys are weak. You cannot reach the cause. Follow the example of this Ada citizen.

S. T. Carrington, retired farmer, W. Sixth street, says: "Doan's Kidney Pills did me a lot of good several years ago and I am always glad to recommend them highly since then. Doan's relieved the backache and regulated my kidneys in fine shape. I use them once in awhile now and always with good results."

Price 60¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Carrington had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

Okla. Sunset Far Superior To Far West, Artist Says

TULSA, Oct. 23.—While the Golden Gate and Southern California, as well as the enchanted mesa of northern Arizona, provide some very wonderful sunset scenes, there is an undefinable something in the sunset scenes found in Oklahoma that makes them much better subjects to portray on canvas than those in the far west.

T. S. is what Gulbrand Sether, the noted Scandinavian landscape painter, says. After spending several months in southern California where he paid particular attention to the color effects of the sunsets there, as they applied to land, vegetation and water, he has returned to Oklahoma.

After leaving Tulsa a year ago, Mr. Sether wandered all over the state and he says that around Pawnee and Perry, the sunset scenes that appear to more typically portray things as they are in Oklahoma than any place else in the state.

Prairie land about hills and rolling country, farms and orchards are to be seen, while interspersed are oil wells and structures usually found near producing wells. All of these conditions, Mr. Sether says, are found in a more harmonizing state near Pawnee and Perry than elsewhere, and he is now completing a large canvas to be called "An Oklahoma Sunset," and it will reveal all of the things so enumerated.

Sether has achieved an enviable reputation for painting pictures, showing the effects of sun and moon. He has made a special study of lights and shadows and all of his landscapes are distinctive in this respect.

John F. Carlson, a Swedish landscape painter, has been invited here by the Chiaroscuro club, an organization of Tulsa high school students who are studying art.

Livingston Geer, portrait painter, who has been painting pictures of noted Oklahoma Indians, expects to do more of this work during the winter and spring.

Heartburn, heaviness in the stomach, bloated feeling, coated tongue, bad breath, dizziness and vertigo (blind staggers) can be quickly relieved by Prickly Ash Bitters. Men who have used it say they can eat heartily without misery, where before they tried it the most healthful food seemed to get them out of fix. Price \$1.50 per bottle. Sold by Gwin & Mays Drug Co. END OF EIGHT YEARS MISERY

Used Lydia E. Pinkham's Vegetable Compound and Recovered.

Newark, N. J.—"The doctor said I had an organic trouble and treated me for several weeks.

At times I could not walk at all and I suffered with my back and limbs so I often had to stay in bed. I suffered off and on for eight years. Finally I heard that Lydia E. Pinkham's Vegetable Compound was a good medicine and tried it with splendid effect. I can now do my house work and my washing. I have recommended your vegetable Compound and your Blood Medicine and three of my friends are taking them to advantage. You can use my name for a testimonial."

CARTER COUNTY GINS BEAT 1919 RECORDS

TEXAS LEGION Controls Hospital FORT WORTH—The American Legion was given active control of the tuberculosis sanitarium being erected by the Texas Benevolent War Risk society, when the directorate of the society was increased from fifteen to forty-five members. The new members constitute the executive committee of the American Legion, members of the central hospital committee at Austin.

Ancient Egyptians and Greeks treated insane persons as suffering from a disease, but in demerical times they were regarded as possessed of devils.

ARDMORE, Oct. 31—Tabulation reports furnished the department of commerce, bureau of census, Washington, shows there were 8,900 bales of cotton ginned in Carter county prior to October 18 as compared with 6,144 in 1919. These included round bales which are counted as half bales. Approximately 6,000 bales have been weighed in on market but not much has been sold, producers preferring to wait until prices take a higher turn.

first and second wards in Ada, which gave him tremendous majorities. Leonard carried Allen and all rural precincts in the district except Tyrola, Oakman and Lula. Laughlin was re-elected in the third district by something more than 200 majority.

The inability of the Evening News to give the complete returns is largely due to the failure of certain election officials to comply with the law. In many precincts the law requiring the returns to be posted at the polling places was not complied with, and some of the officials failed to file a copy of the returns with the county clerk at the time they left the ballot boxes with the county election board. The Evening News had complete returns from the state of Maine eight hours before it could get the returns from the third ward of Ada.

State Returns.

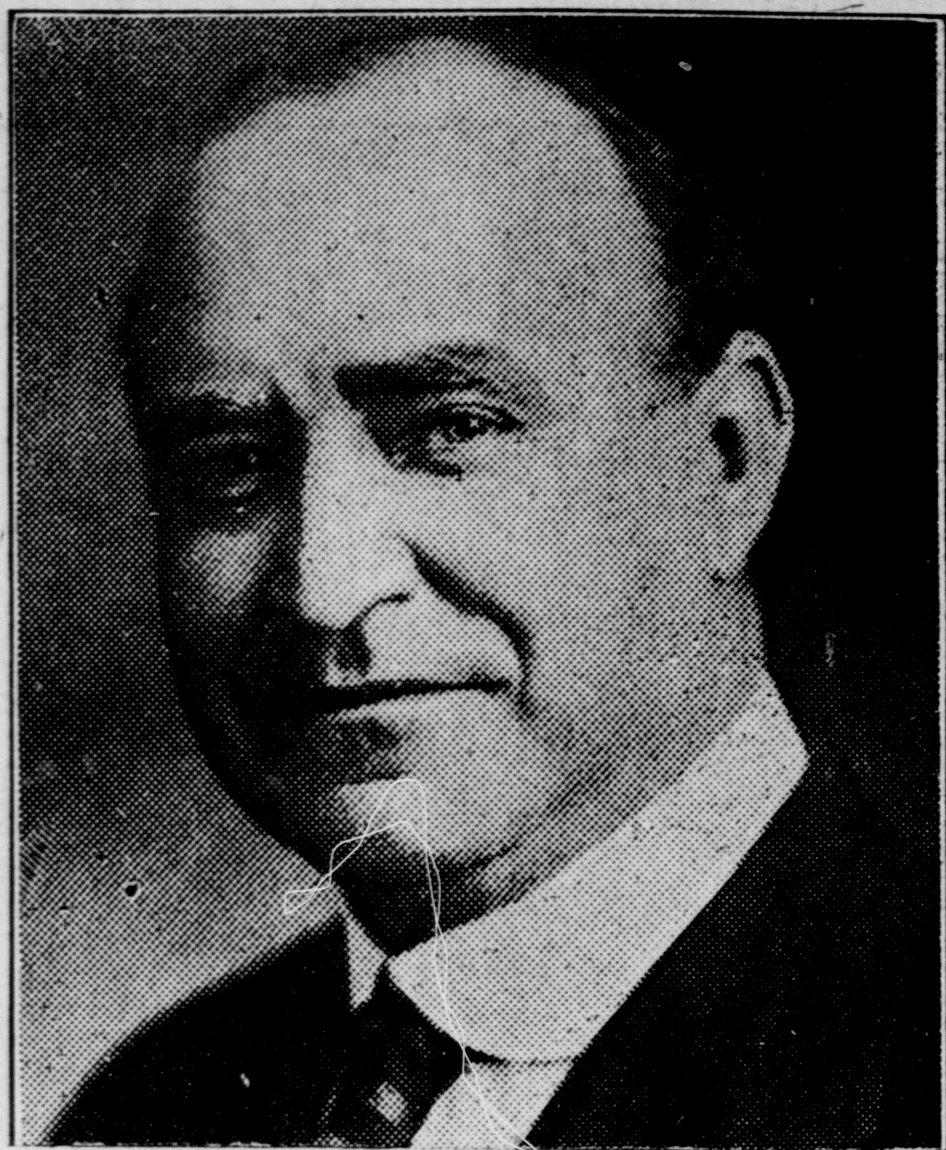

By the Associated Press
OKLAHOMA CITY, Nov. 3.—Revised and corrected returns on the senatorial race in Grady county, which early today gave Harrel, republican, a lead of 1,000 votes over Ferris, democrat, in 14 precincts, at noon gave Ferris 2,540, and Harrel 2,076 in 22 precincts. This correction of an error, caused through wire transmission, will materially increase the lead for Ferris.

As scattered precincts from the state began to filter in early today the complexion of the state presidential contest remained practically unchanged. Although the few precincts reporting up to 10 o'clock cut the lead of Cox over his opponent, Harding, the former's majority was similar to that which he has had throughout the early tabulation.

In complete returns from 1,119 precincts out of 2,685 in the state give for United States senator, Ferris, 108,627, Harrel 105,731, or a majority of 2,896. Ferris' majority on tabulation early today was 3,136.

Elks Entertain Election Night.

Elks and their visitors crowded the Elks hall to capacity last night in getting the election returns by special wire. The eats were on the Bills and thanks to the cemetery association for serving the finest sandwiches and hot coffee ever tasted.

The Elks weren't stingy with their special wire, but had a canvas stretched across the street and focused the returns on the screen as fast as they came in. They also kept the crowd entertained with cartoons and jokes, thanks to Mr. Fentem of the high school, Doctor Linschied and Mr. Norris of the East Central Normal. The Elks deeply appreciate and thank you most sincerely for making success out of the service rendered the citizens of Ada who were as eager to get the returns as we were.

HARDING AND CALVIN COOLIDGE ARE ELECTED

(Continued from Page One)

publican landslide continued to roll along in even greater proportions today as the latest election returns came in from the west.

Besides electing Harding, it was assured that the republicans would increase their margin in both houses of congress, in the senate in particular, would change their precarious control by one to a substantial working majority.

Returns from many states were slow, as were indeed the returns on the vote for president, but on the face of actual returns at hand, and indications from partial returns coming in, it seems that Harding would have not less than 330 votes in the electoral college, with a probability of more than 350, while all that could be counted in the Cox column were the 127 votes from the "solid south."

Unless some sudden change were to appear, it seems that the returns were making good the republican prediction that Cox would not carry a western or northern state.

In many of its aspects the election is most unusual. It developed what may turn out to be the greatest republican victory in party history. Both the democratic candidate and his chief manager conceded his defeat before enough returns were actually in to show it in figures.

By the Associated Press
OKLAHOMA CITY, Nov. 3.—When the day after election dawned in Oklahoma it found the result of the presidential and senatorial vote in the state still in doubt, for the first time in the history of the state.

Although Governor Cox, democratic presidential candidate, had at

one time piled up a lead of more than 5,000 over his republican opponent, Harding, later returns from Okmulgee, Tulsa, Craig and other counties in the northeast section of the state, showing a heavy republican vote, cut the lead considerably. As the vote swelled it appeared almost certain that complete figures only could tell the result.

A compilation early today of the unofficial, but complete returns from 1,687 of the 2,685 precincts in the state gave Cox a lead of 4,377 over Harding. The vote was: Cox 97,873, Harding 93,497. The returns were scattered over 74 counties of the 77 counties of the state. The only counties not heard from were Cimarron and Texas in the Panhandle section, in the west, and Okfuskee county in the east central portion.

A tabulation of complete returns from 1,155 of the 2,685 precincts in the state gave for United States senator, Ferris 105,359, Harrel 102,227. These returns likewise were scattered over 74 of the state's counties.

Returns from the congressional indicated close race between republicans and democrats, with the

exception of the third, seventh and eighth districts, the latter normally republican, on the face of unofficial complete returns from less than one hundred scattered precincts out of 384 in the eighth district, it appeared that Herriek, republican, had defeated Harris, democrat, in the contest for the long term, while Swindall, republican, had defeated Harris, democrat, in the contest for the short term in the third district. A tabulation early today of 32 precincts out of 405 gave Carter, democrat,

4,236, Shinaber, republican, 2,288. In the seventh district 81 precincts out of 331 gave McClintic, democrat, 6,550 and Montgomery, republican 3,569.

ALEXANDER DRUG CO.

Dear Sir:—

Having found Rub-a-Cold so effective I take pleasure in writing an unsolicited testimonial in its favor.

Last winter my little boy was threatened with the flu several times but I always applied Rub-a-Cold as soon as he showed symptoms.

My sister came to visit us bringing her 3 year old son who had a bad case of croup. I used Rub-a-Cold and he got instant relief and was soon asleep. We are never without it in the house.

Yours very truly,

The Average Man

The average man in Ada isn't a millionaire
He Isn't Even Wealthy

The average man is just what the name implies—an average life, has an average family and an average bank account.

He is alert, thrifty and progressive, lives within his income, saves a little, and expects some day to own his home in Ada.

He is the backbone of the community, and it is our desire to encourage him.

If you are an average man do not become discouraged. Your money is just as welcome at this bank as is the wealthiest man in Ada.

If our officers can help you or advise you they will gladly do so.
